Summary

Virtual assistant with 7+ years of US client-facing experience across customer support, financial operations, and sales support, now freelancing for founders and lean US teams. I run lead generation and LinkedIn and email outreach for a healthcare credentialing firm and support its credentialing work: CAQH, NPI and license checks, tracking logs, and payer follow-ups. Known for clean trackers, clear daily reports, and steady follow-through across US time zones.

287 healthcare leads tracked	**170** verified and outreach-ready	**149 / 78** Tier A / Tier B in one sourcing batch	**60-100+** outbound calls a day on campaign work

Skills

Lead generation	Prospect research and verification, Sales Navigator, LinkedIn and email outreach, appointment setting, follow-up sequences
Healthcare admin	CAQH ProView, NPI Registry, state license verification, payer applications and status follow-ups, EFT documents, tracking logs
Operations	CRM and tracker upkeep, lead scoring, daily start and end reports, SOPs and templates, inbox and calendar support
Client support	Phone, email, and chat support; billing, refunds, account security, fraud prevention; accurate documentation

Experience

Lead Generation Virtual Assistant & Credentialing Support

Jul 2026 - Present

Branch Global Enterprises (healthcare credentialing services) | Remote, US client

- Research and verify qualified healthcare providers and practices (license status, specialty, location, professional email) using LinkedIn, Sales Navigator, Psychology Today, state boards, and the NPI Registry.
- Maintain the lead trackers: 287 leads tracked, 170 outreach-ready, and 57 high-priority; tiered one sourcing batch into 149 Tier A and 78 Tier B prospects, checked for duplicates.
- Run personalized LinkedIn and email outreach, including 50 connection requests, and keep every record's status and next step current.
- Since Sep 2026, support credentialing casework: CAQH profile and NPI checks, license verification, payer application status follow-ups, EFT documents, and tracking-log updates.
- Send daily start and end-of-shift reports in the client's time zone; support company LinkedIn content and speaker outreach for client webinars.
